

OBERWEIS GLOBAL OPPORTUNITIES FUND

INVESTOR CLASS: (OBEGX)

INSTITUTIONAL CLASS: (OBGIX)

1Q 2025

Investment Strategy

The Global Opportunities Fund invests, under normal circumstances, at least 80% of its net assets in the securities of relatively small companies, which, at the time of investment, have a market capitalization of less than or equal to \$1.5 billion or are within the range of companies represented in the MSCI ACWI Small-Cap Index, whichever is greater, at the time of purchase. We anticipate that approximately 40-60% of the Fund's assets, on average over time, will be invested in emerging growth companies outside the United States.

Key Benefits

The potential key benefits of the Global Opportunities Fund are:

- Exposure to our firm's highest conviction ideas across multiple geographies and currencies
- Emphasizes rapidly growing smaller-cap companies in the most dynamic phase of their development and companies that our team believes will grow faster than expectations
- Access to attractive but lesser-known companies globally that do not receive significant institutional coverage but possess a favorable growth profile
- Flexibility to navigate the global marketplace affords our team the ability to identify mis-priced companies undergoing significant positive transformational change
- Potential for significant alpha over a full market cycle

Minimum Investment:

Oberweis Global Opportunities Fund Investor Class (OBEGX): \$1,000 non-IRA, \$500 IRA

Oberweis Global Opportunities Fund Institutional Class (OBGIX): \$1.0 million
